IN DEVELOPMENT

ASOA Institute™

A place to learn the system.

ASOA Institute is being developed as the learning home for the ASOA system. Its curriculum will be built from methods ASOA tests, documents, and improves through real work.

What the Institute is being built to teach

- **Leadership in practice**
  Clear expectations, accountable action, and repeatable execution through ASOA SEVEN™.
- **Applied business discipline**
  How to evaluate requirements, make sound decisions, and document the work.
- **Learning from real work**
  Instruction refined by testing methods, reviewing results, and correcting what needs improvement.

Coming soon

Enrollment, credentials, and a launch date have not been announced.
